North Chicago, IL. August 1994 - July 1997.

Assistant Professor

Department of Psychology, University of Wisconsin-Whitewater, Whitewater, Wisconsin.
August 1991 - August 1994.

ADMINISTRATIVE AND CLINICAL POSITIONS**Staff Psychologist**

North Chicago Veterans Administration Medical Center,
North Chicago, IL. Sept. 1990 to August 1991.

Responsibilities: Provide individual and group therapy for patients with
substance abuse disorders. Emphasis was placed on teaching social and
communication skills as a means of addressing deficits underlying substance dependence.

Clinical Director

Kiley Developmental Center, Illinois Department of Mental Health and Developmental
Disabilities, Waukegan, IL.
June 1985 to September 1989.

Responsibilities: Designed and coordinated the treatment program for a 480 bed residential
facility for developmentally disabled persons; co-supervisor for all psychologists; supervisor for
the training department, intensive behavioral treatment team, quality assurance program,
centralized habilitation program, and community placement program.

Behavioral Scientist

Kiley Developmental Center, Illinois Department of Mental Health and Developmental
Disabilities, Waukegan, IL.
October 1982 to June 1985.

Responsibilities: Developed and implemented intensive behavioral treatment programs for
behavior disordered and dually diagnosed developmentally disabled residents.

Consulting Psychologist

Bradley Counseling Center

Lake Villa, IL. Jan. 1990 to present. Responsibilities: Provided cognitive-behavioral
interventions for adolescents, families, and adults.

ADMINISTRATIVE AND CLINICAL POSITIONS (continued)**Independent Assessor**

Cognition and Panic Research Study, University of Health Sciences/the Chicago Medical School, North Chicago, IL. Sept. 1989 to August 1991. Responsibilities: Provided diagnostic evaluations for clinical research subjects. The investigation elucidated pathological information processing in patients with panic disorder and was funded by the National Institute of Mental Health.

Psychologist

Waukegan Developmental Center (now called the Kiley Developmental Center), Waukegan, IL. April 1976 to October 1982.

Responsibilities: Developed behavioral habilitation programs for 80 adult, developmentally disabled residents. Treatment program emphases included general self-help skill acquisition and the training of appropriate social behavior to replace occurring aggressive-disruptive behavior.

Psychologist's Assistant/Program Coordinator

Waukegan Developmental Center, Waukegan, IL; October 1975 to April 1976.

Responsibilities: As one of two psychologists on a unit servicing 80 adolescent developmentally disabled clients, it was my responsibility to assume the major role in program development for half of these individuals. As second shift program coordinator, I organized the staffing for the second shift in this 80 resident, 100 staff unit. During this shift, I functioned as the primary administrative authority on the unit.

Mental Health Supervisor

Waukegan Developmental Center, Waukegan, IL.
February 1975 to October 1975.

Responsibilities: To help develop and insure the implementation of behavioral programming for the eight developmentally disabled children residing in a structured, home-like, living unit.

Social and Psychological Services Coordinator,

Vermilion County Head Start Program, Danville, IL.
November 1972 to April 1974.

Responsibilities: Developed, coordinated and delivered social and psychological services for approximately 250 Head Start families located throughout Vermilion County, Illinois. This work included family counseling and therapy, and general social work activities. I functioned as a diagnostician and advisor to the teaching staff regarding children with behavioral-emotional difficulties. I served as a liaison between Head Start and other relevant social service agencies concerned with mental health and child welfare issues.

CLINICAL TRAINING AND INCOME GENERATION:

Significant clinical training and clinical income generation has occurred through a program I helped establish and now direct, the Anxiety and Obsessive-Compulsive Disorders Treatment and Research Program. This program has been a major clinical practicum-training site for the Department of Psychology. Students have received training in empirically supported treatments for anxiety disorders and related conditions.

RESEARCH INTERESTS

My research is focused on cognitive risk factors for the development of obsessive-compulsive disorder (OCD) and other anxiety disorders. Current interests include the identification of risk factors for anxiety problems in older adults, and the development and validation of OCD subtype taxonomies.
